

MABONENG HEART AND LUNG INSTITUTE

**CHDs are the #1 most
common birth
defects in
the world.**

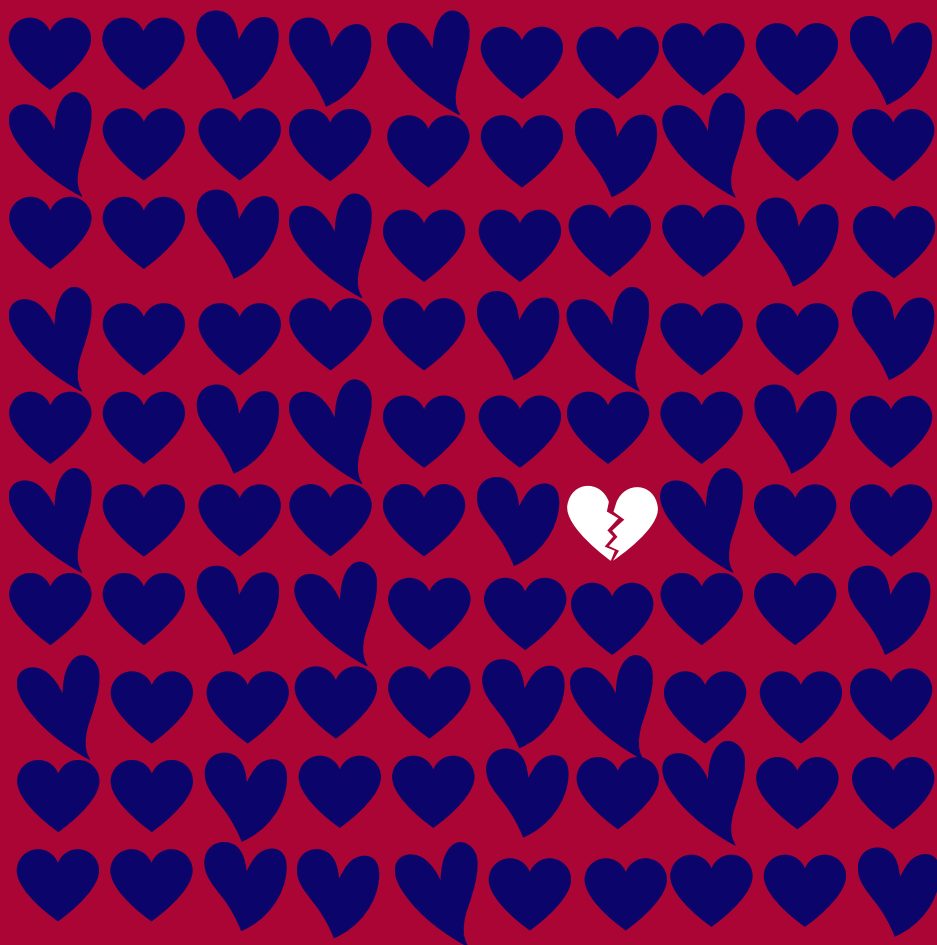

MABONENG HEART AND LUNG INSTITUTE

**They affect 1 out of every
100 babies
born.**

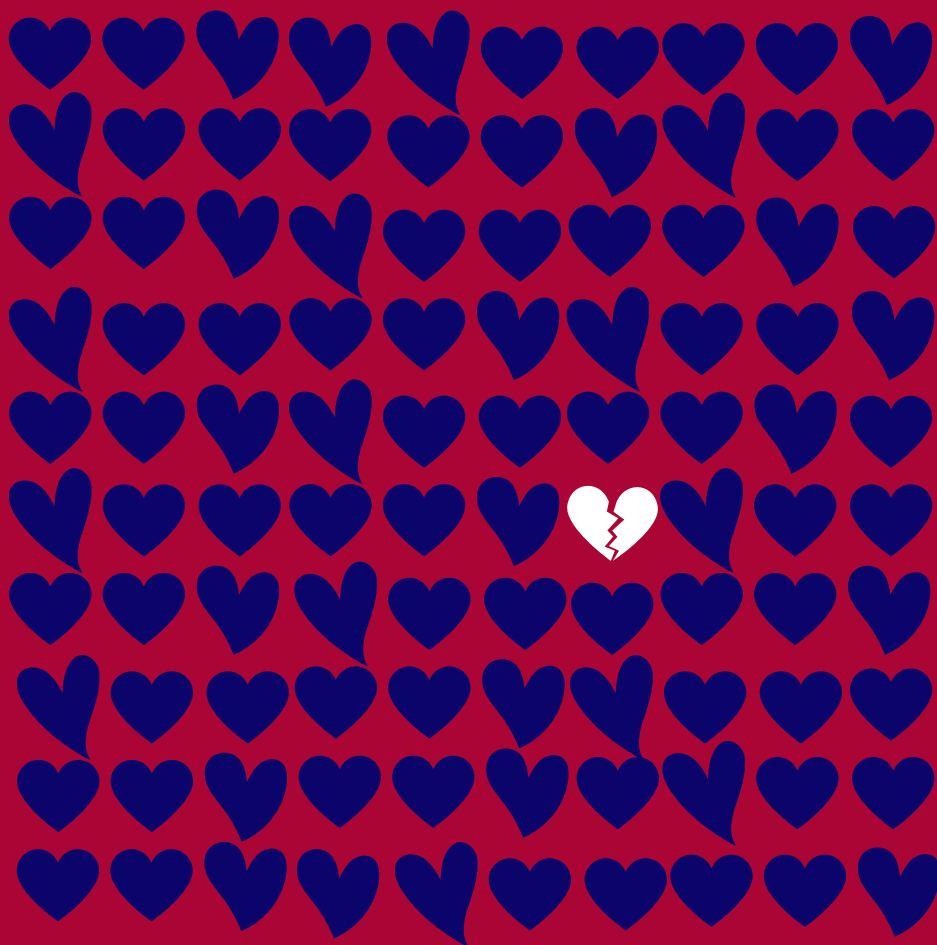

#1in100

MABONENG HEART AND LUNG INSTITUTE

Some CHDs are more critical than others, requiring immediate attention.

MABONENG HEART AND LUNG INSTITUTE

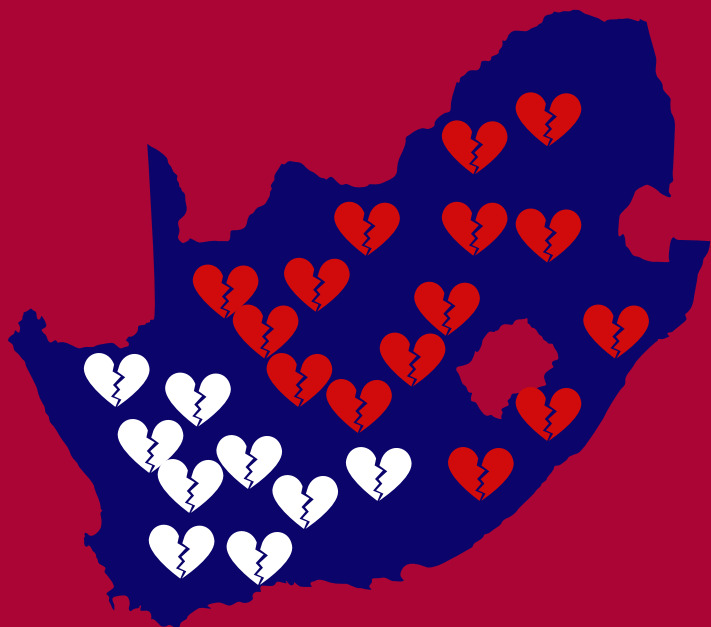

**25 - 30 babies are born
with a CHD in South
Africa every
single day!**

MABONENG HEART AND LUNG INSTITUTE

**Only 12 will be
diagnosed to be
treated...**

MABONENG HEART AND LUNG INSTITUTE

**Which means that only
40% of children who
need treatment
receive it.**
